June 2021 Womens Bush camp Kalumburu

KALUMBURU LDAG

In June 2021, Tramulla Strong Women's Group hosted a camp for women to promote health and well being as part of Kalumburu Local Drug Action Group (LDAG).

The camp was held over the June long weekend at Marragarra. This camp was planned for 2020 however could not run due to Covid-19 restrictions. Leaders Margaret Peumora and Gertrude Waina led the camp. The women were excited the camp could go ahead this year.

Thank you to Wayne Bundamurra for helping with transport the camping gear and assisting with set up and pack down. Thanks also to the Strong Women's Centre for the loan of Troopy which made this camp possible.

Clare made three trips from Kalumburu to Marragarra there were so many people keen to attend!

It was a social camp with some people coming to stay during the day and others sleeping out at night by the fire. There was lots of fishing, yarning, dancing and laughter.

Gertrude came down to Marragarra over the weekend to fish and loved sitting down there with her hand-line.

Margaret cooked up a great stew for dinner. Philomena made delicious breakfast for everyone. Kayla made perfect damper and lots of fish were caught.

There was lots of yarning, damper making and playing with the younger kids across the weekend.

The women all spoke about how relaxing the weekend was and how, now that there was more camping equipment available in Kalumburu, that they hope to camp more often.

The women also spoke about hopes for Tramulla/LDAG projects in 2022.

Tramulla StrongWomen's group welcome new members to their local drug action group. The next Tramulla/LDAG meeting will be held on August 13th to discuss LDAG plans for 2022 and to review their strategic plan.

Please contact Gertrude or Margaret if you wish to be a part of Kalumburu Local Drug Action Group
